

John Williams, Fitzwilly - Make Me Rainbows

Make me rainbows,
make me spring in the snow,
make me beautiful music wherever I go.

Make me unmindly behind rhyme and reason
make me a room where I'll bloom out of season

Make me sunsets, paint our names in the sky,
let your arms be my wings and together we'll fly.
Don't let me fall dear, I'm all I can be.

Make me some rainbows,
star-spangled rainbows,
please make those rainbows for me.

Make me sunsets, paint our names in the sky,
let your arms be my wings and together we'll fly.
Don't let me fall dear, I'm all I can be.

Make me some rainbows,
star-spangled rainbows,
please make those rainbows for me
