Johnny Clegg & Savuka, Emotional Allegiance

I don't want to be a tourist in your heart I don't want to visit someone else's ruins Don't want a day trip to the feelings in the dark Don't want a quick-fix honeymoon

Bridge:

We need: emotional allegiance, devotional love A living promise like in the story of ram

Chorus:

Raghupati raghava raja ram Patite pavana sita ram Stand be me -- feel the sun Emotional allegiance -- divine love

There's a change in the weather And a hole in the sky Snow in the summer And the rivers run dry Who will guard your fragile dreams of rain When your heart is tired of daytrippers And nobody stays....

Bridge:

We need: emotional allegiance, devotional love A living promise like in the story of ram

Chorus...
