

Johnny Gill, Honest Love

(Intro)

ooooooooohhhhhhh
let's do it right, baby

(Verse 1)

Give me a reason,
To love you again,
I'm still not over,
The pain you put me through,
You know you was wrong,
I tried to hide it,
But it didn't work,
I couldn't take it no more,
So I had to move on,
I'm moving on

(Chorus)

I'm looking for an honest love,
Somebody that will be there for me,
I gotta find an honest love,
I'm looking for an honest love,
Somebody that will be there for me,
I'm moving on, I'm moving on

(Verse 2)

You told me so many lies,
You tried to convince me of your honesty,
You see that it wasn't good enough,
Not good enough for me,
I can't believe you betrayed me,
And put our love in jeopardy,
I can't believe that it was happening,
I tried to hide it,
But it didn't work,
I couldn't take it no more,
So I had to move on,
I'm moving on

(Chorus)
