

# Johnny Horton, Johnny Freedom (Freedomland)

## JOHNNY FREEDOM

When our country was a baby and the Redcoats had their way  
Is was he who had a party tossin' tea in Boston Bay  
It was he who braved the winter in the days of Valley Forge  
Fightin' side by side together with a fella name of George

Johnny Freedom, Johnny Freedom  
You can meet him on each page of history  
He's the spirit of America  
Our country's pride and joy  
Hats off to Johnny Freedom, Johnny Freedom  
That's our boy

When our country started growin' and the wagons headed West  
When our country called for pioneers his name led all the rest  
What a figure in his raw hide coat and hat made of raccoon  
Wonder what there was about him made you think of Dan'l Boone

Johnny Freedom, Johnny Freedom  
You can meet him on each page of history  
He's the spirit of America  
Our country's pride and joy  
Hats off to Johnny Freedom, Johnny Freedom  
That's our boy

If we need a mess of thinkin' he's the Lincoln of the day  
If we're fixin' fer a tussle it's his muscle all the way  
If we need a handsome fella so the ladies hearts can throb  
There's a Yankee Doodle Dandy always handy for the job

Johnny Freedom, Johnny Freedom  
You can meet him on each page of history  
He's the spirit of America  
Our country's pride and joy  
Hats off to Johnny Freedom, Johnny Freedom  
That's our, that's our, that's our boy
