JOHNNY MARR, The Messenger

I'm seeing in you something The life you're wanting takes long You seem so heavy, I'm fine just talking if you want Don't wanna be the messenger?

I'm seeing in you something Your eyes are open and you're on I'm here and I'm ready, my time's for taking if you want Who wants to be the messenger?

Who wants to be the messenger? Who wants to be the messenger? Who wants to be the messenger? Who wants to be the messenger?
