

Johnny Nash, Rock Me Baby

Say, say, say....

Rock me, rock me, rock me, baby
Rock me out here on the floor
Rock me, rock me, rock me, baby
Rock me till I want no more

Oh that sweet, sweet reggae music playin'
The smell of perfume fills the air
The moon is right,
come hold me tight
Ooh let's dance, romance
While we still have the chance

Come on, come on
Rock me, rock me, rock me, baby
Rock me out here on the floor
Rock me, rock me, rock me, baby
Rock me till I want no more

There is a feeling of love deep inside me
This heart of mine is pounding in my brain
I feel the fire, I feel desire
Ooh let's dance, romance
While we still have the chance

Come on, come on
Rock me, rock me, rock me, baby
Rock me out here on the floor
Rock me, rock me, rock me, baby
Rock me till I want no more

Rock me, rock me, rock me, baby
Rock me out here on the floor
Come on, come on
Rock me, rock me, rock me, baby
Rock me till I want no more

And when the night is through
I still be here with you
And the music will go on and on

Come on,
Rock me, rock me, rock me, baby
Rock me out here on the floor
Come on, come on
Rock me, rock me, rock me, baby
Girl, rock me till I want no more
...
