

Johnny O'Keefe, Rock N' Roll Boogie

Well listen Rockafellar and I'll make you smile
'Cause the rock'n'roll boogie is now back in style
It's rollin' on, keep on rollin' on

People in the city are hottin' on the sound
To the rock'n'roll music they call underground
It's rollin' on, keep on rollin' on

Last night the wife was dancin' in the street for so long
Diggin' every beat the only way that she know-wows
One potato, two boy, three potato, four
Jerry Lee is gonna come a knockin' on your door
It's rollin' on, keep on rollin' on

It's rollin' on, keep on rollin' on

It's rollin' on, keep on rollin' on

Last night the wife was dancin' in the street for so long
Diggin' every beat the only way that she know-wows

Wheelin' and a rockin' we danced all the while
With the Long Tall Sally spittin' great balls of fire
It's rollin' on, keep on rollin' on

Everybody's havin' a good time tonight
With the rock'n'roll music it'll be a-alright
It's rollin' on, keep on rollin' on

All the new-ew rockers are doin' fine
With the Mr Wilson Pickett just the greatest in the line
It's rollin' on, keep on rollin' on
Roll on now, keep on rollin' on
Roll on now, keep on rollin' on
Roll on, keep on rollin' on
