

Johnny O'Keefe, Six O'clock

Well come on everybody it's six o'clock, Huh-huh, uh-huh-huh
Come on everybody it's time to rock, Uh-huh-huh, uh-huh-huh
Well let's stop and let's rock
Come on everybody it's six o'clock

Well everybody knows just-a what to do, Huh-huh, uh-huh-huh
Just tune yourself to channel two, Uh-huh-huh, uh-huh-huh
And let's stop and then rock
Come on everybody it's six o'clock

Well people gather round from near and far
To see their favourite TV stars
Everybody singing 'cause it makes you shout
It just knocks you out, out, out

Come on everybody it's six o'clock. Uh-huh-huh, uh-huh-huh
Come on everybody it's time to rock, Uh-huh-huh, uh-huh-huh
And let's stop and let's rock
Come on everybody it's six o'clock, Yeah

Go Pluto

Well mother

Well people gather round from near and far
To see their favourite TV stars
Everybody singing 'cause it makes you shout
It just knocks you out, out, out

Come on everybody it's six o'clock, Uh-huh-huh, uh-huh-huh
Come on everybody it's time to rock, Uh-huh-huh, uh-huh-huh
And let's stop and let's rock
Come on everybody it's six o'clock
Come on everybody it's six o'clock
Yeah, it's six o'clock
Wooh, it's six o'clock
Yeah, what else, it's six o'clock
