

# Johnny Orlando, Boyfriend

You don't really love me, you just want a boyfriend  
Someone on your arm who listens to your poison  
You don't really love me, you just want a boyfriend  
(Boyfriend, boyfriend, woo)

45 missed calls, ten drunk texts  
So many nights that I'll never get back  
Ultimatums and empty threats  
Too far gone to kiss and forget

Every promise to change  
Every little mistake  
Yeah, I know that it all leads back to  
You don't want me to go  
You need someone to hold  
Yeah, I know that it all leads back to

You don't really love me, you just want a boyfriend  
Someone on your arm who listens to your poison  
You don't really love me, you just want a boyfriend  
(Boyfriend, boyfriend, boyfriend)  
You don't really need me, you just need attention  
Would've changed the first time if you really meant it  
You don't really love me, you just want a boyfriend  
Yeah, you just want a boyfriend

Still get chills at the sound of your voice  
Begging and pleading, it's all just noise  
Had your chance, you made your choice  
Find someone else that can fill your void

Every promise to change  
Every little mistake  
Yeah, I know that it all leads back to  
You don't want me to go  
You need someone to hold  
Yeah, I know that it all leads back to

You don't really love me, you just want a boyfriend  
Someone on your arm who listens to your poison  
You don't really love me, you just want a boyfriend  
(Boyfriend, boyfriend, boyfriend)  
You don't really need me, you just need attention  
Would've changed the first time if you really meant it  
You don't really love me, you just want a boyfriend  
Yeah, you just want a boyfriend  
Yeah, you just want a boyfriend

Every promise to change  
Every little mistake  
Yeah, I know that it all leads back to  
You don't want me to go  
You need someone to hold  
Yeah, I know that it all leads back to
