You know, brown folks know what im talkin about

[Jermaine Durpi: talking]
Yall know what this is
So So Def

[Verse 1:]
Ooh its midnight
And im tappin you on the shoulder
I just got home from work
And I wanna do you know what (hey)
Yea its 12:02
And im slidin up under the covers
Im leavin on my socks
Cause I got my mind on lovin you

[Pre Chorus:]
Dont understand enough
How we feel about
Now you know
When I get like this somethin is gonna happen
And you have the means to make me feel
Like im welcome you got a lot
But as sweet as candy
I dont ever wanna stop baby

[Chorus:]
Give me just (a little more kissin)
Baby would you give me just (a little more feelin)
Oh give me just a little more love (baby)
Give me just (a little more touchin)
Baby would you give me just (a little more rubbin)
Oh give me just a little more love

[Verse 2:]
Its so special (when you come alive)
Its so special (when you get it right)
Ooh its so special (when you call my name)
Mean what you say
It dont take ya long to get in the groove of thangs
To get in the move of thangs
That you like and I like
Lord, it only takes one touch
To get you to do the thangs that I love so much
Baby im a sucker for you

[Pre Chorus:]
Dont understand enough
How we feel about
Now you know
When I get like this somethin is gonna happen
And you have the means to make me feel like im welcome
You got it a lot
But as sweet as candy
I dont ever wanna stop baby

[Chorus: x2]
Give me just (a little more kissin)

Baby would you give me just (a little more feelin)
Oh give me just a little more love (baby)
Give me just (a little more touchin)
Baby would you give me just (a little more rubbin)
Oh give me just a little more love
