

Joji, Gimme Love

gimme-gimme love
gimme-gimme love
gimme-gimme love
gimme-gimme love
when I am gone, when I am gone
gimme-gimme love
gimme-gimme love
gimme-gimme love
gimme-gimme love
when I am gone, when I am gone

swing around front
let me inside
playin' my song into my sides
it hurts, I can't lie
remember those times I fought to get out?
I want to get out /2x
those pictures so clear
they fade in my mind
you leavin' me here with ashes and fire
these people don't heal
these people don't feel
these people don't heal
so make me this deal
won't you

gimme-gimme love
gimme-gimme love
gimme-gimme love
gimme-gimme love
when I am gone, when I am gone
gimme-gimme love
gimme-gimme love
gimme-gimme love
gimme-gimme love
when I am gone, when I am gone

look into your heart and let me know
do things turn black and grey as they go?
when I am far too gone
can you show me love?
give me love
caught in a river of records and dreams
will you keep up with me?
everyone's looking for someone to hold
but I can't let you go
