

Jojo, Say Love

This is us at our best, and at our worst
And when you speak does it feel like it hurts?
Because where I wanna be is far apart
From where we are, from where we are
And I thought I found the place where we could start,
Talk from the heart, talk from the heart

But he would just say
I'm perfect
Say I'm pretty
Say I'm worthy
But if you really care for me,
Say love
I want you to say love
I want you to say love
When I say love, you, you just say me too
But won't you to say love?

It feels like we can't get out at first
When we do it's like we're stuck in reverse
'Cause where I wanna be is far apart
From where we are, from where we are
And I thought I found the place where we could start,
Talk from the heart, talk from the heart
But he would just say
I'm perfect
Say I'm pretty
Say I'm worthy
But if you really care for me,
Say love
I want you to say love
I want you to say love
When I say love, you, you just say me too
But won't you to say love

But he would just say
I'm perfect
Say I'm pretty
Say I'm worthy
But if you really care for me,
Say love
I want you to say love
I want you to say love
When I say love, you, you just say me too
But won't you to say love?
