

# JoJo Siwa, BOOMERANG

I don't really care about what they say  
I'mma come back like a boomerang

won't let the haters get their way  
I'mma come back like a boomerang

I'mma come back like a boomerang  
I'mma, I'mma come back like a boomerang

they can keep talking  
but I'mma keep walking my walk  
and I won't hear a sound  
they're just trying to see  
if they can get the best of me  
well, not this time around

stuck the phone like you're alone  
hide behind the screen  
cause they're just so mean  
but we don't play like that  
we don't even fight back
