

Jon B., Are U Still Down

jon b (tupac)

girl it's alright, baby (are you still down for me baby?)
cause it's there in your eyes, yeah (are you still down for me?)
i can see that you want me (are you still down for me now?)
but the way that you smile (yeah, are you still down for me?)

left once again at home
another night on your own
ain't no fun in loving if you're loving alone
how does it feel to be useless, oh no
can you recall how close we used to be then
can you still rememeber those feelings again
it seems everytime i see you theres a tear in your eye
time to make some decisions or go dying inside

(tupac)

tell em all call me a fool, but i'm stuck
its a love thing, plus i'm overheating from the rush
our tongues touch, kissing feeling fireworks watch the sky
i make you smile but you'd rather have what makes you cry
say goodbye and i leave now, with my heart on my sleeve memories there
what i found is you still care, you had feelings and they're still there
babygirl keep it real here, are you still down?

girl its alright, baby (are you still down?)
cause its there in your eyes (its in your eyes, i can see it in your eyes)
i can see that you want me (don't ya want me, don't ya want me)
by the way that you smile (are you still down for me?)

remember that evening
i knew that you were too scared to go all the way
but you did it to please me
crying it was raining when you gave it to me
the more i see you the more that i feel inside
and i know one day i'll make it back to where you can fly
watch time go
don't cry (what you crying for?) tomorrow brings better days
let me dry your eyes, take your burden away

(tupac)

only once in a lifetime, touch my soul
go slow baby boo don't rush the flow
got me all weak baby but i'm strong in parts
more bounce, to the ounce, with the longest sparks
gettin mine like fine wine measured in time
many other brothas loved you but the pleasure is mine
mama told me how to love a woman properly sprung
we committed, so i hit it, and its properly done
are you still down?

girl its alright (are you still down for me baby?)
cause its there in your eyes (its in your eyes, i can see it in your eyes)
i can see that you want me (don't ya want me? don't ya want me?)
by the way that you smile (c'mon, c'mon, are you still down for me?)

girl its alright baby (are you still down for me now?)
cause its there in your eyes (its in your eyes, i can see it in your eyes)
i can see that you want me (she wants you jon, she wants you)
by the way that smile (look how she smile at you, look!)

(baby are you still down, still down for me baby are you still down)
[repeat to fade]
