

Jon B, Can We Get Down

What do I have to do
What do I have to say
To get you to come over girl
And let me have my way tonight
Is it wrong, is it right, for me and you to just get down

[Chorus:]
Can we get down
Can U hear the sound
When love's callin' you
Callin' me sexually lady
Please let me

What are your dreams of
I can make them come true
Just tell me girl and I'll try to supply them for you tonight
Is it wrong, is it right, black and white, day in night

[Chorus:]
Can we get down
Can U hear the sound
When love's callin' you
Callin' me sexually lady
Please let me

[Bridge:]
There is a way to wake up in the morning time
By my side and feel just fine
It would be so much better
If you could just trust you heart
To make the right decision
I can lead you only half way baby
Please say we can get down and down, down, down, down, dirty baby

[Chorus:]
Can we get down
Can U hear the sound
When love's callin' you
Callin' me sexually lady
Please let me

[Repeat to Fade]
