

Jon B., Cocoa Brown

gently approaching you, but not knowing what to say
praying you don't have a man
offering you a drink, whatever your taste is
maybe you might have a shot,
shot of your cocoa brown with me

chorus:

cool with my cocoa brown
thats what i want
cuz she got such style i like
so cool and brown
cool with my cocoa brown
no doubt about it
from the moment that i looked in her eyes

mentally, shes so supreme, but not knowing who to trust
softly, i take your hand
stroking on your face
cant help anticipating, leaving after we dance
ohh yeah my cocoa brown brown brown yeah

chrous

i get down, who loves cocoa brown, cocoa brown
i want the sound, love the voice, cocoa brown, cocoa brown
i get down, who loves cocoa brown, cocoa brown
i want the sound, who loves cocoa brown, cocoa brown

chorus 2x
