

# Jon B., I Do (Whatcha Say Boo)

So whatcha say boo  
If I asked what you say  
I do I do I do  
What you say boo  
If I asked whatyou say  
I do I do I do  
They said it wasn't gonna last  
They said we're gonna split up fast  
They told you  
I was a player and i would play you  
Nobody wanted us to be this way  
Just jealous in the lies they say  
Could never touch us 'cause the truth is lady  
That I'm still with you  
I'm sayin' you're my boo  
So whatcha say boo  
If I asked what you say  
I do I do I do  
What you say boo  
If I asked what you say  
I do I do I do  
Been together for some time  
Got to tell you what's been on my mind  
Since we've been spending every night the way we do  
You see I never wanna leave  
And if I asked would you believe  
I never want to spend the night with anyone but you baby  
So whatcha say boo  
If I asked what you say  
I do I do I do  
What you say boo  
If I asked what you say  
I do I do I do  
Say I do, say I do, say I do, say I do  
So whatcha say boo  
If I asked what you say  
I do I do I do  
What you say boo  
If I asked what you say  
I do I do I do  
Say I do, love you too  
Baby I'm yours it's only you  
If I asked would you say I do  
Ooh I do, I love you too  
Baby I'm yours it's only you  
If I asked would you say I do  
So whatcha say boo  
if I asked what you say  
I do I do I do  
What you say boo  
If I asked what you say  
I do I do I do  
(repeat to fade
