

# Jon B., Pleasures You Like

Hey baby love  
How you do that thing you do  
Gonna be feeling you  
Facinated when you pass my way  
Baby I  
I can't believe my eyes  
You took a brother by surprise  
I know I just want to take this dance with you baby

Go on a date on a Saturday night with you  
Do whatever you want me to  
Just don't matter I gotcha right here boo you know it's all you  
Whatcha doin' all alone in this small filled room  
Standing by the bar  
Can't you tell that I'm feeling you

After hours we go rendouvous  
Make a brother ditch his crew  
Just to be with you  
Lights out we gonna get into  
Pleasures you like  
(Pleasures you like)

My shorty love  
How ya gonna just walk by  
You need to give our love a try  
So elevate me, stimulating from the look in your eyes  
My my my my

The feelings you can't hide  
Looks like you need some love tonight
