

# Jon B., R U Still Down

Chorus

girl it's alright now  
cause it's there in your eyes  
yeah I can see that you want me  
by the way that you smile  
are you still down for me

Jon B.

left once again at home  
another night on your own  
ain't no fun in loving  
if you're loving alone  
how does it feel to be useless  
oh no can you recall how  
close we use to be down  
can you still remember those feelings again  
seems like everytime I see you  
there's a tear in your eye  
time to make some decisions  
or go dying inside

Tupac

Tell 'em all call me a fool  
but I'm stuck in this love thang  
plus I'm overheatin' from the rush  
our tongues touch  
kissin feelin fireworks  
watch the sky  
I make you smile  
but you'd rather have  
what makes you cry  
say goodbye and leave now  
with my heart on my sleeve  
memories what I found is you  
still care (still care) you had feelings  
and they're still there baby  
girl keep it real here  
are you still down

Chorus

girl it's alright now  
cause it's there in your eyes  
yeah I can see that you want me  
by the way that you smile  
are you still down for me (repeat)

Jon B.

remember that evening  
I knew that you were too scared  
to go all the way  
but you did it to please me  
crying it was raining  
when you gave it to me  
the more I see you  
the more that I feel inside  
and I know one day  
you'll make it back  
to where you can fly  
(watch time) go don't cry  
tomorrow brings better days  
let me dry your eyes  
take your burdens away

Tupac

only once in a lifetime  
touch my soul  
go slow baby boo

don't rush the flow  
got me all weak baby  
but I'm strong in parts  
more bounce to the ounce  
with the longest sparks  
gettin' mine like fine wine  
measured in time  
many other brothers loved you  
but the pleasure was mine  
mama taught me how  
to love a woman properly sprung  
we committed so I hit it  
so it's properly done  
are you still down?

Chorus

girl it's alright now  
cause it's there in your eyes  
yeah I can see that you want me  
by the way that you smile  
are you still down for me  
(repeat to fade)
