

Jon Bon Jovi, Alive

Feel me like I feel you
Won't you let me come inside
Heal me like I heal you
Let your mind, body, soul, come alive
On my knees (but I'm Rising)
On My Feet (Getting Higher)
I will fly
Hey Hey I'm Alive
Didn't think I'd make it to the other side
Here to stay I'm alive
Hey hey I survived
It's a brand new day
And I feel fine
Here to say I'm alive
Want me like I want you
That's my heart you hold in your hands
Touch me like I touch you
Make me feel like superman
On my knees (but I'm Rising)
On My Feet (Getting Higher)
I will fly
Hey hey I'm alive
Didn't think I'd make it to the other side
Here to stay I'm alive
Hey hey I survived
It's a brand new
And I feel fine
Here to stay I'm alive
Like the wind run with me
Take my hand come with me
Those bastards ain't bringing us down
For all the dreams that died
And all of the tears they cried
If there's one thing I've learned
Life is now
On my knees (but I'm Rising)
On My Feet (Getting Higher)
I will fly
Hey hey I'm alive
Didn't think I'd make it to the other side
Here to stay I'm alive (Didn't think I'd make it)
Hey hey I survived
It's a brand new day
And I feel Fine
Here to say I'm alive (It's here you got to take it)
