

# Jon Bon Jovi, Open All Night

I saw you coming from a mile away  
Trying to hide behind that pretty face.  
Bet my last dollar baby you've been bruised,  
Poor little heart all black 'n' blue.  
Last thing you need's another pick-up line,  
You must have heard them all a thousand times.  
God only knows what you've been through,  
Believe me, I've been broken, too.  
It aches, it breaks, it takes your breath away  
I've been around that block a time or two, baby.

Chorus:

I don't wanna fall in love with you.  
I try, try, try, but I can't get around the truth.  
Please don't say my name, give this heart a break.  
I don't want to make the same mistakes.  
It's too late, I'll leave on the light.  
These arms are open all night.  
I've got your taste in the back of my mouth,  
I wanna reach in and pull it out.  
And I'd be lying if I didn't say: when you're this close,  
I'm afraid of the way I'll feel if I touch your hair,  
The way I'll miss you when you're not there  
And that I'll see you when I close my eyes.  
It's too late, I've crossed that line.  
It aches, it breaks, it takes your breath away.  
I'll still be around come closing time.

Chorus:

I don't wanna fall in love with you.  
I try, try, try, but I can't get around the truth.  
Please don't say my name, give this heart a break.  
I don't want to make the same mistakes.  
It's too late, I'll leave on the light.  
These arms are open all night.  
It's 2 a.m., it's last call baby.  
The barkeep's gone  
I'll walk you home now  
Save me, baby.

Chorus:

Baby, I don't wanna fall in love with you.  
I try, try, try, but I can't get around the truth.  
Please don't make me beg, give this heart a break.  
Please don't make me make the same mistakes.  
But it's too late, I'll leave on the light.  
These arms are open all night.
