

Jon Lajoie, Too Fast

I can run a hundred miles without stopping for rest.
I can stay under water for 5 minutes on a single breath.
When I focus my mind I always reach my goal,
but theres one thing I cannot control
I come too fast
I come too fast
A couple strokes and my erection is a thing of the past.
I come too fast
I come too fast
Sometimes its even game over before I take off my pants.
Ive read all the articles and Ive tried every trick.
Thinking of sports or of naked Cathy Bates in About Schmidt.
If the girls on top sometimes Ill last a minute or two,
but if we doggy-style oh man Im screwed
I come too fast
I come too fast
I carry a spare pair of underwear in case a girl sits on my lap.
I come too fast
I come too fast
I swear Ill even shoot my load if a fly lands on my shaft.
Oooooooooohhhhhhhhhhhhhhh.
