

Jon Licht, Die this way

If you look close you can see his disguise
hes got the mind of a killer buried deep in his eyes
its a different mind than you and me
one fueled by a pure sense of apathy
ttake blood just to get his fill
hes got a demon inside he cant seem to kill
another day another dead
slash his knife till he sees red
theres nothin left but a drop between glass to stay
another life is taken away
but not in haste or for waste
just in time for him to get another taste
lost, in a state of mind
lost, lookin for another of his kind
but his lonely mind is his only friend
his lonely friend will be with him till the end and she sang
a lonely whisper in your ear saying the things you dont want to hear
with a breath you hear him say on this night, you will die this way
you will die this way
its a chilly evening on the west side
and D E X is snoopin around a double wide
all of sudden a page comes through
ritas makin dinner she wants you to come too
he doesnt get hungry when theres blood in the air
this will be quick he wont even know i was there
another day another dead
somethings wrong up in your head mr. D E X
gotta kill just to get some rest
another night another bloody success
now its clean up time stash away the knives
and the little brown box holdin so many lives
I guess for some its easier to say
believe it or not, youre gonna die this way
a lonely whisper in your ear saying the things you dont want to hear
with a breath you hear him say on this night, you will die this way
you will die this way
