

Jon & Vangelis, I Hear You Now

After the first embrace from you my senses knew
The look of love was in your eyes
and after we first make love our senses tingle to
The touch oh how we hypnotize
Oh, to get the feeling on and on
Oh, just to get the feeling

Holding you closer in my arms we drift to heaven
Bringing in the morning light
And after all is said and done there's only us
We can make it right
So, our love will carry on and on
Now our love will be free, be free.

And when we play, love don't delay, I hear you now
For what was then, is what is now, anyhow
As I became a guest of love's tune hear again
We'll carry on together like today.

After the first embrace from you I
After the first embrace from you I want you too
