VERSE 1 (JON YOUNG):
sick & tired of all the questions
its gettin a bit much
every button that i touch

either way i'm messin up
i'm fightin a losin battle
the winners been determined
so im finna put down my paddle
cuz im sick of alwayz playin this game
its gettin old
girl u know i aint cheatin
u jus wanna be in control
but i cant be havin that
cuz im a grinder and u know this
u need 2 jus chill
consider this ur final notice
i got thangz to do
deal wit it or girl im dunzo
if u trip over sum shit again
u goin be solo
my fundz low
so i gotta get back on my grind
no more givin in when u trippin
im wastin time
u know i aint finna do u wrong
thats why im sayin chill
wit me u always know the deal
girl i always keep it real
VERSE 2 (J CASH):
Just got in the door,
And there you was waiting
But not to greet me,
Just to start with your interogating
Where I been?
I told ya, I was with my friend.
Oh my god, here we go with this ish again.
I aint gotta prove myself,
I been did that.
I done got you everything you need,
And then that.
So I aint answer my phone,
And now u all mad at me
Think Im cheatin
When you see I got a low battery.

Its like you feed on drama,
And I dont need that.
Always over my shoulda,
So Ima leave that.
You need to understand,
N I dont think Im wrong,
That Once n awhile
I need some myspace like .com
N Same goes for the fellas,
You need to trust yo lady.
Jus hold on loosely
Clingin too tight gonna drive her crazy.
But I done found a good one,
And damn she keep it real,
You havin problems, talk about it
Tell em Just Chill
