

Jonas Blue, Always Be There (feat. Louisa Johns)

Always be, always be there
Always be, always be there
Always be there for when you need
I will be your comfort when you're down (down, down, down)
You've been strong, strong for way too long
I can be the one when you have doubts (doubts, doubts, doubts), yeah, yeah
No, I'm never, ever gonna let you go
Never gon' be alone, even when the world starts to fade (fade)
I know you wanna hide it all and carry on
No one knows something wrong
You gotta believe when I say (say)
Trust in me 'cause I'll always be there
I won't leave, no, I'll always be there
When you need a shoulder for your weakness
I will always be there (la-la-la)
I will always be there (la-la-la)
Always be there
When you need a shoulder for your weakness
I will always be there
Call my name, it's never too late
I'll drop everything and come to you (you, you)
Day and night, I'll be by your side
Tell me all the things you're going through, oh (ooh)
No, I'm never ever gonna let you go
Never gon' be alone, even when the world starts to fade
I know you wanna hide it all and carry on
No one knows something wrong
You gotta believe when I say (say)
Trust in me 'cause I'll always be there
I won't leave, no, I'll always be there
When you need a shoulder for your weakness
I will always be there (la-la-la)
I will always be there (la-la-la)
Always be there
When you need a shoulder for your weakness
I will always be there
I will always be (I will always be there)
Said, I will always be (always be there)
Said, I will always be (be), whoa
(I will always be there)
I'll always be there, yeah, yeah
Always be, be there, oh-oh
(I will always be there)
I will always be there (la-la-la)
I will always be there (la-la-la)
Always be there (I will never leave, no)
When you need a shoulder for your weakness (shoulder for your weakness)
I will always be there
I will always be there (la-la-la)
I will always be there (I will never leave no)
(La-la-la), always be there
I will never leave
When you need a shoulder for your weakness, oh, yeah
I will always be there
