

Jonas Brothers, 7 05

We had a lot of good times when we were together
And I thought we'd last forever
You and I
I.M. for so long I couldn't wait to get your phone call
Dreaming 'bout you makes me feel alright
That night you called me on the phone
Said you had to stay at home
Is there something I should know?
Yeah!
I was fine til 7:05
Til she walked out the door and right out of my life
If you're gone
I'll move on
But it only would've taken two seconds to say goodbye
Goodbye
Goodbye
Night after your phone call me and friends were hanging at the mall
I was not believing what I saw
Holding hands with him
and sitting closer than six inches
Hope that she's not gonna kiss him now
How can I call you friend?
You stood me up in the end
I know that it's over
Yeah!
I was fine til 7:05
Til she walked out the door and right out of my life
If your gone
I'll move on
But it only would've taken two seconds to say goodbye
Goodbye
Goodbye
Don't keep telling me
That you're sorry now
But let me tell you
How much this hurts me too
Yeah!
I was fine til 7:05
Til she walked out the door and right out of my life
If you're gone
I'll move on
But it only would have taken two seconds to say goodbye
Goodbye
Goodbye
I was fine til 7:05
Til she walked out the door and right out of my life
If you're gone
I'll move on
But it only would have taken two seconds to say goodbye
Goodbye
Goodbye
It only would've taken two seconds to say
Goodbye
Goodbye
Oh
Goodbye
