

# Jonas Brothers, Goodnight And Goodbye

This has been no walk in the park  
I feel like we have fallen apart  
Open up your eyes girl and see  
How wonderful this love could be

Hold on tight  
It's a roller coaster ride we're on  
So say goodbye 'cause  
I won't be back again  
Up and down  
You're all around  
Say goodnight and goodbye

Lala la la la lalalala

You say you didn't mean to break  
My heart but girl you did, I'm over it  
Adieu to you and all your games  
And all your crazy friends  
This is the end

Hold on tight  
It's a roller coaster ride we're on  
So say goodbye  
'Cause I won't be back again  
Up and down  
You're all around  
Say goodnight and goodbye

Lala la la la lalalala

Well girl, I'm sorry for disappointing you  
But I'm done  
With being up and down and pushed around  
No more

Hold on tight  
It's a roller coaster ride we're on  
So say goodbye  
'Cause I won't be back again  
Up and down  
You're all around  
Say goodnight and goodbye

Hold on tight  
it's a roller coaster ride we're on  
Say goodbye  
'Cause I won't be back again  
Up and down  
You're all around  
Say goodnight and goodbye
