

Jonas Brothers, Goodnight And Goodbye

This has been no walk in the park
I feel like we have fallen apart
Open up your eyes girl and see
How wonderful this love could be

Hold on tight
It's a roller coaster ride we're on
So say goodbye 'cause
I won't be back again
Up and down
You're all around
Say goodnight and goodbye

Lala la la la lalalala

You say you didn't mean to break
My heart but girl you did, I'm over it
Adieu to you and all your games
And all your crazy friends
This is the end

Hold on tight
It's a roller coaster ride we're on
So say goodbye
'Cause I won't be back again
Up and down
You're all around
Say goodnight and goodbye

Lala la la la lalalala

Well girl, I'm sorry for disappointing you
But I'm done
With being up and down and pushed around
No more

Hold on tight
It's a roller coaster ride we're on
So say goodbye
'Cause I won't be back again
Up and down
You're all around
Say goodnight and goodbye

Hold on tight
it's a roller coaster ride we're on
Say goodbye
'Cause I won't be back again
Up and down
You're all around
Say goodnight and goodbye
