## Jonas Brothers, Just Friends

There she goes again, the girl I'm in love with It's cool, we're just friends, we walk the halls at school We know it casual, it's cool, we're just

I don't want to lead you on No, but the truth is I've grown fond, yeah

Everyone knows it's meant to be Falling in love, just you and me Till the end of time, till I'm on her mind, it'll happen

I've been making lots of plans Like a picket fence and a rose garden I just keep on dreaming

But it's cool 'cause we're just friends

Small talk on IM, just one word sentences It's cool, we're just friends If I had my way, we'd talk and talk all day, yeah

Everyone knows it's meant to be Falling in love, just you and me Till the end of time, till I'm on her mind, it'll happen

I've been making lots of plans Like a picket fence and a rose garden I just keep on dreaming

But it's cool 'cause we're just friends

Thinking about how, we're gonna say our vows It's cool we're just friends, she walks down the aisle Seeing my face smile 'cause now, we're more than friends

Everyone knows it's meant to be Falling in love, just you and me Till the end of time, till I'm on your mind, it'll happen

We've been making lots of plans Like a picket fence and a rose garden I just keep on dreaming

Just keep on thinking about when we used to be just friends

(La, la, la, la) (La, la, la, la) (La, la, la, la, la) When we used to be, when we used to be

(La, la, la, la) (La, la, la, la) Just friends (La, la, la, la, la) When we used to be just friends
