

Jonas Brothers, World War III

Yeah!

The time walked into the bedroom

You were visibly upset

Telling me I made a bad move

But I didn't do nothing

Our screaming wake the neighbors

Now everybody's out for blood

I didnt want no confrontation

Because of you thats what Ive got

Well you got to chill out

Cause baby I dont want to fight with you

And every battle we've fought

Just make us look like fools

No you cant have World War III

If there's only one side fighting

And you know

Woah oh

That there's lessons left to learn

Everytime you attack

It doesn't drive me to fight you back

And then I know

Woah oh

That I'll never let it be World War III

World War III

Let me tell em

Now your rounding up your army

turning all your troops on me

Telling lies just to feel happy

But i wont retaliate

No

No you cant have World War III

If there's only one side fighting

And you know

Woah oh

That there's lessons left to learn

Everytime you attack

It doesn't drive me to fight you back

And then I know

Woah oh

That I'll never let it be World War III

Well you got to chill out

Cause baby i dont want to fight with you

and battle we fought just make us look like fools

No you cant have World War III

If there's only one side fighting

And you know

Woah oh

That there's lessons left to learn

Everytime you attack

It doesn't drive me to fight you back

And then I know

Woah oh

That I'll never let it be World War III

Not gonna be World War III

Everytime you attack

It doesn't drive me to fight you back

And I know

Woah oh

That I'll never let it be World War III

World War III

World War III
