

# Jonezetta, Bringin' It Back Tonite...Everybody Sta

I got a feeling that you know all my secrets  
Are you listening? Are you listening?  
Everybody clap- start when I say when  
Could you believe in us when we say  
We're not getting any younger  
So let's make it right tonight  
We're bringin' it back tonight, we're bringin' it back tonight, bringin' it back, we're  
bringin' it back tonight  
So don't think we're faking it!  
Because... we're bringing it back tonight  
We're not going to make it on our own  
All Together! Sing- start when I say when  
Cause this feeling is all we'll ever need  
We're not getting any younger  
So let's make it right tonight  
We're bringin' it back tonight, we're bringin' it back tonight, bringin' it back, we're  
bringin' it back tonight  
So don't think we're faking it!  
Because... we're bringing it back tonight  
We're taking control so let go  
Bringin it back tonight  
Don't think we're faking it!  
Bringin it back tonight  
We're not getting any younger  
So let's make it right  
Can we make it right  
We're bringin' it back tonight, we're bringin' it back tonight, bringin' it back, we're  
bringin' it back tonight  
So don't think we're faking it!  
Because... we're bringing it back tonight
