Joni Mitchell, Both Sides Now

Rows and floes of angel hair And ice cream castles in the air And feather canyons evrywhere Ive looked at clouds that way But now they only block the sun They rain and snow on evryone So many things I would have done But clouds got in my way Ive looked at clouds from both sides now From up and down, and still somehow Its cloud illusions I recall I really dont know clouds at all Moons and junes and ferris wheels The dizzy dancing way you feel As evry fairy tale comes real Ive looked at love that way But now its just another show You leave em laughing when you go And if you care, dont let them know Dont give yourself away Ive looked at love from both sides now From give and take, and still somehow Its loves illusions I recall I really dont know love at all Tears and fears and feeling proud To say I love you right out loud Dreams and schemes and circus crowds Ive looked at life that way But now old friends are acting strange They shake their heads, they say Ive changed Well somethings lost, but somethings gained In living evry day Ive looked at life from both sides now From win and lose and still somehow Its lifes illusions I recall I really dont know life at all Ive looked at life from both sides now From up and down, and still somehow Its lifes illusions I recall I really dont know life at all
