

# Jonny Craig, God Damn I'm Good Looking

Came up, up, up on the way down,  
They got so much to say now,  
Man I was barely on the radar  
Now they say I'm getting played out  
Safe to say I'm going gold  
Stay the same I broke the mold  
One hundred thou, I'm getting paid  
I can barely stand, still I get laid  
Let them know I got control  
They got old, I got soul, now it's time to let go

I'm shaded, I'm jaded, I'm faded, I'm famous  
I'm shaded, I'm jaded, I'm faded, I'm famous

You made a diamond outta me [x6]

(METASOTA)  
Every day subscribing,  
The lames is ?,  
Gotta get a name so I stay surviving,  
Claiming to be down now it ain't surprising  
Your pressure can bust pipes that can make the diamond

I'm with the latter,  
Switching panels and analyzing your bitches patterns,  
Not everybody's LeBron, we need some Wilson Chandlers  
Jaded and Shameless, and endlessly banging as dangerously Loud as I'm famous

I'm shaded, I'm jaded, I'm faded, I'm famous  
I'm shaded, I'm jaded, I'm faded, I'm famous
