Jonny Lang, Breakin' Me

Every day I see your face, I wish that I'd stayed
Don't even know what made me run away
It's just the way I play the game
Emotional is not a word I'd use to explain myself
But now you got me down upon my knees
Oh, baby, please just take me back
I don't want to be in love, but you're makin' me
Let me up, I've had enough
Girl, you're breakin' me

Here I am, just half a man standing alone
Feeling like I lost my only chance at happiness
When I let you go
I don't want to be alone, thinkin' 'bout you girl
I got nothin' left to hold in my lonely world

(guitar solo)

The first time my heart was ever touched
Was the day I lost your love
I can feel it in my flesh, my flesh and blood
But my soul can only take so much

So there it is, why can't you give it one more try
You and I could find a way to live
If you let me in just one more time
I know you lost your faith in me
But I still believe
Can I make you understand, can I make you see?
I am desperate for your love
And it's breakin' me
It's breakin' me
