

Jonny Lang, Groundhog Day

Now when you needed me
I was always around
Now I need you, baby
You're nowhere to be found
Got my money, now you're gone
Down the road

Now they say a fool and his money soon part
I was a fool for ever opening my heart to you
Got my money, now you're gone
Down the road

Said please forgive me
I was you best friend
I say shut your dirty mouth
Before you go and lie again
Got my money, now you're gone
Down the road

Said come back home
Groundhog day
Got so cold outside, my little groundhog ran away
Got my money, now you're gone
Down the road
Down the road
Down the road

Got my money, now you're gone
Down the road
Down the road
Down the road
