

# Jonny Lang, It's Not Over

Standing on the edge of a bridge  
One step away from ending it all  
All the while you are wondering  
Does anyone love me at all?  
Listening to all the wrong voices  
Got you feeling broken and worthless  
I just thought you should know this  
Until you fulfill your purpose  
It's not over - for you and I  
It's not over - there is still time  
This one is for the prostitute  
The drug abused, homeless and destitute  
And anybody wanting to be rescued there is still time  
This is for the orphan who is all alone  
All he wants is to have a home  
Your earthly father may have left you  
But your Heavenly Father told me to tell you  
It's not over - for you and I  
It's not over - there is still time  
Someone loves you  
Someone hears you  
Someone feels you  
Someone can heal you  
Someone wants to see you through  
It's not over - for you and I  
It's not over - there's still time
