

# Jonny Lang, Missing Your Love

You lay me down  
Whisper in my ear  
Well it may be my name you call  
But it's his name I hear

You promised me  
Through thick and thin  
Well you told me you loved me  
you told me a lie  
Cause you love him

And I'm missin your love, everyday  
Missin your love, everyway  
Though your here with me  
I'm still missin your love

And when you talk  
You look into my eyes  
Your talkin to me  
But baby I can see  
He's on your mind

oh yeah  
And I'm missin you love, everyday  
Missin your love, everyway  
Though your here with me  
I'm still missin' your love

Oh and then I  
I reach out for you  
and you turn away  
Well it takes  
All I can do to make it through the day  
And I'm missin your love baby

(guitar solo)

though your hear with me  
I'm still missin your love
