

# Jonny Was, Jonny Was

Jonny Was, a street walker(x 4)  
He travels light  
Ooh, you shouldve seen him  
Walked right past ya  
You could not believe it  
Lyn on the street corner wearin next to nothin  
Yet he sports a smile  
And all the times  
You bow your head and look away  
You cross the street, yeah, just to get away  
He cant help but feel ashamed cuz  
He has got no where to go now  
Jonny Was, a street walker, Ooooooh (x 4)  
He moves around  
To a new location  
Town to town  
To find his next vacation  
In his ripped up jeans and t-shirt  
Pack of smokes on the side  
How about a dime?  
To help him get a bus ride  
Maybe a dollar  
To help him stay the night  
Anywhere but on the cold streets  
Not in an alley or the cops beat  
Jonny Was  
I said Jonny Was  
I said  
Jonny Was a street walker, Ooooooh (x 4)
