

Jordan Pruitt, Miss Popularity

She's a walking casting call
A fashion runway doll
Her 4.0 comes naturally

She's good at everything
She's got a following
And an entourage of copy queens

No need to try out for the school play
You know she'll get the lead anyway

She's the girl that you love to hate
She's a heart stopping double take
Everyone knows that she's got it made
Working hard to be
Miss Popularity

She wears the cutest clothes
She has the latest phone
And all the right accessories

Her skin's like porcelain
Her hair is perfect and
Sometimes she really gets to me

She's gorgeous and you know she knows it
She's a size zero and she loves to show it

She's the girl that you love to hate
She's a heart stopping double take
Everyone knows that she's got it made
Working hard to be
Miss Popularity
[Repeat]

She's every teacher's pet
There ain't no guy that she can't get
Her Daddy, Ken, is loaded
And her Mommy drives a pink Corvette

Oh.....
Working hard to be
Oh, Miss Popularity

She's the girl that you love to hate
She's the heart stopping double take
Everyone knows that she's got it made
Working hard to be
Miss Popularity
[Repeat]
