

# Jordan Pruitt, Over It

Get Over it  
HeHe

You, got caught up  
In all your stuff,  
And you didn't have the time to think about us  
You tried to hide,  
Behind your lies  
You have to face the consequence  
I've lost my trust in you  
And baby now we're through

(Chorus)  
I've had enough, and I'm not lookin back  
I'm over it, I'm over it  
I'm movin on cause you blew your chance, so  
Get over it, I'm over it  
You broke my heart,  
Gonna break yours back  
I'm over it, so over it  
It's time to draw the line  
Don't want you to be mine  
I'm over it

You - call me at home  
And on my cell phone  
Constantly trying to tell me  
You - want me back  
Well good luck with that  
Mmmm, baby I'm not going to,  
Play these games with you  
I said we're through! Whoa

(Chorus)  
I've had enough, and I'm not lookin back  
I'm over it, I'm over it  
I'm movin on cause you blew your chance, so  
Get over it, I'm over it  
You broke my heart,  
Gonna break yours back  
I'm over it, so over it  
It's time to draw the line  
Don't want you to be mine  
I'm over it

I've had enough, and,  
I'm over, I'm over, I'm over it  
I'm movin on cause you blew your chance, So,  
Get over it  
You broke my heart  
Gonna break yours back

I'm over it, so over it  
It's time to draw the line,  
Don't want you to be mine,  
I'm over it...

I was yours,  
You were mine,  
We were fine,  
Till, you let it all slip away (till you let it all slip away)  
And the mistakes,  
That you made

Can't be changed  
I don't care if it makes you insane  
Why'd you have to be like that?  
And do those things behind my back  
And now I'm slipping away from you  
And I won't come back cause,  
I hate all the things you put me through, yea

I'm over it (I Over it! Yeah)  
(Oh! Yeah!) so get over it, (oh) I'm over it  
(Whoo oo oh oh) I'm over it, (Get over it) So get over it  
It's time to draw the line,  
Don't want you to be mine,  
I'm over it...

I've had enough and I'm not looking back  
I'm over, I'm over, I'm over it  
I'm movin on cause you blew your chance,  
So Get over it  
You broke my heart  
Gonna break yours back  
I'm over it, so over it  
It's time to draw the line,  
Don't want you to be mine,  
I'm over it...

(Chorus)  
I've had enough, and I'm not lookin back  
I'm over it (Yea Yeah), I'm over it (Oh)  
I'm movin on cause you blew your chance,  
So Get over it (Get over it), I'm over it (laughs)  
You broke my heart,  
Gonna break yours back  
I'm over it, so over it  
It's time to draw the line  
Don't want you to be mine  
I'm over it
