

Joseph Arthur, Blue Jays And Honey Bee

Waking up
I wanna go back
But it's too late
I'm still awake

I wanna love
I wanna be nice
But the weekend comes and the money and the drugs and the parasites

Hey don't be sad
My blue jays and my honey bees
Hey don't be sad
My blue jays and my honey bees

If I were you
I would unscrew
My head from the sew
And forget what I knew

I wanna love you
I wanna be kind
But the ... does bite even when you dream at night is the ugliest scene

Hey don't be sad
My blue jays and my honey bees
Hey don't be sad
My blue jays and my honey bees

Hey don't be sad
My blue jays and my honey bees
Hey don't be sad
My blue jays and my honey bees

Hey don't be sad
My blue jays and my honey bees
Hey don't be sad
My blue jays and my honey bees
