

Joseph Arthur, Speed Of Light

Good night New Orleans
Things are exactly as they seem
But I'm nowhere around
Hello Mexico
You're where I was told to go
If I don't want to be found
There's no end to the winter
Waking at the break of dawn
In the middle of summer
Living at the speed of light
Someday we may
See each other and look the other way
But I'll love you just the same
And if you hate your life
Just remember there used to be a time
When we could not feel a thing
In my heart is a hunger
I will never give away
Just try and stop from going under
'Till the dawn of judgment day
Living at the speed of light
Living at the speed of light
Living at the speed of light
And burning your love on the way
Burning your love away
