

Joseph Arthur, This Heart Will Swallow Us

Until i wake myself
I'm only sleeping
Like the darkness waiting for the touch love bears
Dream beyond the sunrise
Live within a prayer
This heart will swallow us
This heart will swallow us

Will you give yourself up to the savior
Or will you drink from the cup of your madness?
To feel the devils pleasure
Burning your way into this place
This heart will swallow us
This heart will swallow us
No one else
Can save you
