

Josh Gracin, Livin' It Up

Call it what you want,
What I do what I don't.
I won't change your mind anyway.
Say I'm flyin' too high,
Crossin' too many lines,
I'll just crash and burn up in flames.
I got too much to do for just one life,
And baby I can sleep when I die.

(Chorus)
I'm only breathin only feelin' on this planet so long
So I'm livin' it up, livin' it up.
I got my ticket, gonna kick it like a Rollin' Stone.
So I'm livin' it up, livin' it up.
Livin' it up, livin' it up now.

Straight ahead full speed on a one way street,
I ain't stoppin', I ain't slowin' down.
I wanna empty my tank,
Leave nothin' left in the bank,
When they lay me in the ground.
I wanna a front row seat, I wanna rock all night,
Cause baby I can sleep when I die.

(Chorus)

I wanna take it, make it, every day don't wanna waste it,
Love it, touch it, squeeze it, taste it,
You can't take it with you when you go.

(Chorus)
