

# Josh Gracin, Livin' It Up

Call it what you want,  
What I do what I don't.  
I won't change your mind anyway.  
Say I'm flyin' too high,  
Crossin' too many lines,  
I'll just crash and burn up in flames.  
I got too much to do for just one life,  
And baby I can sleep when I die.

(Chorus)

I'm only breathin' only feelin' on this planet so long  
So I'm livin' it up, livin' it up.  
I got my ticket, gonna kick it like a Rollin' Stone.  
So I'm livin' it up, livin' it up.  
Livin' it up, livin' it up now.

Straight ahead full speed on a one way street,  
I ain't stoppin', I ain't slowin' down.  
I wanna empty my tank,  
Leave nothin' left in the bank,  
When they lay me in the ground.  
I wanna a front row seat, I wanna rock all night,  
Cause baby I can sleep when I die.

(Chorus)

I wanna take it, make it, every day don't wanna waste it,  
Love it, touch it, squeeze it, taste it,  
You can't take it with you when you go.

(Chorus)
