

# Josh Kelley, Opposite of me

Talk to me like I don't get it  
Maybe you don't get me  
You're a rich girl in momma's high heels  
And someday you're gonna see  
I got x-ray vision  
I'll see right through you  
Like crystal and we're standing in this room  
And who you are ain't who I am  
That's alright with me  
What I love about you is you're  
The opposite of me  
Instead of fighting about it  
Why don't we just let it be?  
Cause we're day and night  
Baby it's so right  
That we do agree  
What I love about you is that you are  
The opposite of me  
You're speaking some shady lingo  
That someday I'd love to learn  
You're a bad girl in daddy's new wheels  
Watching that rubber burn  
It's a game little lover  
But ain't it fun  
Trying to figure out where you're coming from  
I'll take my chance  
Come on let's dance  
It's how it's got to be  
They say that opposites attract  
Whatcha gonna say bout that?  
No? No more excuses  
Just relax  
What I love about you is you're  
The opposite of me  
Instead of fighting about it  
Why don't we just let it be?  
What I love about you is you're  
The opposite of me  
Instead of fighting about it  
Why don't we just let it be?  
Cause we're day and night  
Baby it's so right  
That we do agree  
What I love about you is that you are  
The opposite  
Oh no  
They say that opposites attract  
Whatcha gonna say about that  
No more excuses baby  
Now look at my eyes and I'll tell you  
What's so right now
