

# Josh Woodward, Insomnia

Wait, where is my bed, I thought I was there  
I swear that I didn't come sit in this chair  
But here I am, I guess that's fine  
It's only something:49  
I'll sleep it off tomorrow if I can  
Did I take the pills? I think I'll take more  
I thought that I left them here in this drawer  
I guess I'll sit and think about  
The last time that I took them out  
And maybe I will remember where they are  
There, drawer  
Here, floor  
Where, more  
Huh.  
There, bed  
Here, bad head  
Thr heh huh
