

Joshua, You Know How

They call me "Jimmy Double Trouble"; I pop you like a bubble
major finger to the law, I'm raw 'cause I'm a rebel
it's just me and "The deadog"; givin' it up
doin' this for the love baby that's what's up

no "already seen"; no "dj vu";
'cause we take you to a trip in each and every shoot
and you can't lie 'cause we make it right
and I can see your head knockin' 'cause we gettin' so fly

steppin' to the stage with the mic in my hand
with a bottle in the back when I play with my band
say my name three times like the candy man
fill up a cup bottoms up when I cheer with my fam'

'cause we simply do what we wanna do
no matter what you're tryin' to do you can't stop my crew
no you can't stop my shine 'cause I'm gettin' so fine
and you better get yours 'cause I'm about to get mine

'cause we're livin' for today
yes we're doin' it our way
YOU KNOW HOW
a beat, a message, a melody
and my people in front of me
YOU KNOW NOW

rollin' down the street in Alligator City
actin' like kings in a brand new Caddy
trust me, we do it for the good in my neighbourhood
see what we do we make moves 'cause we're in a mood

just stop the car at the Susy's bar with a smile on my face
'cause I'm hearin' guitar
you see we not gangstas we're music monsters
surrounded by aliens in their flying saucers

on my back "Kid Noize"; and "The Love Producers";
we're not tryin' to be we're just the illest killaz feel this
my ladies and my fellaz feel us
so get on the bus for a lyrical stick up...

'cause we're livin' for today
yes we're doin' it our way
YOU KNOW HOW
a beat, a message, a melody
and my people in front of me
YOU KNOW NOW

We are not gangstas

'cause we're livin' for today
yes we're doin' it our way
YOU KNOW HOW
a beat, a message, a melody
and my people in front of me
YOU KNOW NOW
