

# Joss Stone, Busful Of Love

Don't wanna feel bad, I just wanna feel good  
Wanna see where I'm going, not get stuck in the wood  
There's so much you can't see, when you look up above  
But be sure to remember, you're gonna need a busful of love  
A busful of love

Don't wanna low, I just wanna be high  
I wanna taste freedom, kiss the back goodbye  
There's so much you can't give, everyone needs a hug  
But be sure to remember, that you're gonna need a busful of love

[chorus]  
Round and round, the wheels go round  
It's gonna take you to where you're gonna smile  
Round and round, the wheels go round  
You gotta give it up to the higher power  
Round and round, the wheels go round  
You're gonna find your peace whatever it may be  
Round and round, the wheels go round  
Feel the love from a simple flower

Don't wanna feel lost, I just wanna be high  
Just wanna feel lifted, get my feet of the ground

There's so much you can't be if you want it enough  
But be sure to remember, you're gonna need a busful of love  
A busful of love

[chorus]  
Round and round, the wheels go round  
It's gonna take you to where you're gonna smile  
Round and round, the wheels go round  
You gotta give it up to the higher power  
Round and round, the wheels go round  
You're gonna find your peace whatever it may be  
Round and round, the wheels go round  
Feel the love from a simple flower

Don't need to know it, just let it go  
It's all flowing

Don't wanna feel bad, I just wanna feel good  
Wanna see where I'm going, not get stuck in the wood  
There's so much you can't see, when you look up above  
But be sure to remember, that you're gonna need  
That you're gonna need, you're gonna need  
You'r gonna need a busful of love, yeah
